Archives Report – Marty: As archives chair over the past two years I have been blessed to be a part of many exciting events. In September of last year I attended the AA Archives Workshop. I learned many things about archives that were previously unknown to this alcoholic. How I care and maintain artifacts, how to obtain other archives. I learned about how new technology can be great benefit to archives. I made many friends from around the country. I planted a seed to bring the workshop to Des Moines, Iowa specifically. During the last year I have been building support and interest in bringing the workshop here. At conference I spoke to many other archivist through-out the district that show interest. I hope to continue this work and to be your archivist in the next two years. Thank you for giving me an opportunity to sever. Marty.
